

Remaster in Progress

I'm currently in the process of remastering this entire course.

When the course came out in 2015 it focused on the then current version of Java, version 8. We've come a long way and now we are working on Java 17.

Some of the improvements include:

- Incorporating features of Java 17
- Adding slides that can be downloaded
- Fixing errors in older videos
- Addressing confusing concepts in more detail
